

It's Been A Sweet Summer!

Children's Literacy Center received a new installment, our very own Free Little Library!

Once just an idea, 15-year-old Isabelle Stone fund raised and built a community lending library for young readers in the area. The little library now stands in front of the Children's Literacy Center in Colorado Springs, filled with books for anyone.

The project is in partnership with the center, where Stone tutors during the school year. She said her experience tutoring inspired the creation of the library. Our newest Free Little library is now open for business!

CLC Continues District 11 Partnership

We will be going into the 2022-23 school year with sites at Columbia and Keller Elementary Schools in Colorado Springs School District 11. Our Summer Bridge Program at Columbia Elementary was a great success. We served 18 kids and had 17 kids meet their growth goals. We are planning to serve a total of 60-80 students for the upcoming fall semester.

Volunteer Spotlight

June volunteer spotlight winner is Nathan Rees from our Crossfire Ministries site. When asked what he loves about tutoring, Nathan stated, "I enjoy figuring out how to best teach the students as individuals and seeing them grow in their literacy and confidence. Throughout the process they bring me so much joy with fun conversations and games."
Thank you for your dedication, Nathan!

Supporting **YOUNG READERS JUST GOT EASIER!**

A new way to *Change* a young readers life

1. Visit www.childrensliteracycenter.org/#roundup

2. Register & link your card

3. Harness will round up your purchases as a donation to CLC!
